

THE INTERNATIONAL PARTNERSHIP OF BUSINESS SCHOOLS

A network of 12 prestigious International Business Schools that will allow you to take the first step to build your professional career. Are you ready for a challenge that involves living, working and studying abroad? Join the IPBS double degree programme and **CHOOSE YOUR DESTINATION!***

THE INTERNATIONAL PARTNERSHIP OF BUSINESS SCHOOLS (IPBS) IS A NETWORK OF 12 LEADING BUSINESS SCHOOLS IN EUROPE, NORTH AMERICA, LATIN AMERICA AND ASIA.

Its constituent partners are all successful business schools who provide an exciting and effective opportunity to study and gain degree qualifications in an international environment.

Our programme provides you with the opportunity to live and study in two countries, giving you exposure to a wide range of different cultures, while gaining a top class business education. Our goal is to give all our graduates advanced business knowledge and the prerequisite skills to prepare them to play leading roles in international management.

The International Partnership of Business Schools (IPBS) is dedicated to the development of a global community of business students, alumni, staff and faculty by sharing and developing their knowledge, skills and mutual understanding through international double degrees and collaboration.

*The choice of the 2 countries depends on the availability of combinations among the partner schools.

IPBS PARTNERS OFFER:

UNDERGRADUATE PROGRAMMES that grant double degrees, require study and work experience in two countries, and promote language and cultural fluency along with business aptitude.

The IPBS Undergraduate programmes are built on the principle that students develop an **international mindset** best when they have the opportunity to immerse themselves in the cultural, academic, and work environments of different countries.

- Lectures, examinations and work placements are conducted in the language of the country of study.
- Students participate in two **3 - 6 month work placements** - one in the home country and one in the partner country.
- All partner schools support their students in all questions regarding their careers. They will

give you the chance to build and develop skills through **workshops, career fairs and employer events.**

- Upon completion of the programme, students earn **two bachelor degree awards** - one from the home institution and one from the partner institution.
- Approximately **90% of our graduates find a job** within 3 months after graduation.

In sum this programme develops highly qualified and adaptable

professionals sought after by multinational corporations to fill global leadership positions.

As an additional option, six of these partners offer an intensive full-time Masters of Science in Global Management (MGM) Programme (12-15 months duration - excluding any compulsory internships - depending on chosen track) with single and double degree options. The IPBS MGM involves studying in two countries and learning the skills to be a successful global leader in the digital age. The programme is taught entirely in English.

All of the IPBS partner schools offer **SPECIALISED MASTERS** programmes which give students the opportunity to continue their education in various fields: Masters of Business Administration (MBA), Professional Masters, Executive Masters, Masters of Art, Masters of Science, Graduate Certificate and Specialist Degrees. These programmes are taught in either the home language and/or in English.

QUOTE FROM AN EMPLOYER ABOUT THE IPBS STUDENTS

OLIVER WYMAN

“Oliver Wyman and ICADE have been collaborating many years now. I am myself an ICADE alumnus. Our clients bring us their greatest challenges. We assemble teams of experts to work on each part of these complex problems, and together we create breakthroughs that achieve amazing impact. ICADE equips their students with the international orientation and a cross-disciplinary background that we need to thrive.”

Pablo Campos,
